An application form will be distributed upon presentation of a current BikeTrial license issued by the BIU Member or directly from BIU in the current year. Riders are allowed to receive only one license per year. If the rider possesses a license, he/she can enter any competition in that year. When a case of entry limitation applies, it should be started in the rules corresponding to the event or the championship. Handwritten licenses are not valid. BIU License number has to be 3 figures for country code and 5 figures for issued number. (i.e. □□□-□□□□□). (e.g.: USA = 001 – 00001, Czech Republic = 420 – 00001, France = 033 – 00001).

BIU Members A (Members) and BIU Members B (Affiliated Members) have the possibility to ask to use the National Licenses as BIU License during the International Event, in this case the BIU Member must communicate to BIU, at least 30 days before the start of the first competition of the year, a facsimile of the issued license.

*As you can see, the **Article 3 is changed**. Now two types of Licenses can be used during the BikeTrial international competitions: The old licenses in BIU Format and the "National" Licenses issued by a National BIU Members 2016.*

To give to its Riders the second option (National License) the "Member" must be regular with the Membership and follow the simple instruction reported in this document.
