BikeTrial Technical rules 2019 will be valid in all BikeTrial Events organized by the BikeTrial International Union or by his Members. This book it contains two parts: the first part about the organizational regulations, the second part about Technical Rules.

First part – Organizational regulations

Involved figures, Definitions, Tasks

Art. 1 BIKETRIAL

BikeTrial is an original and individual sport that incorporates the use of a special bike which the rider must maneuver and balance in order to ride through specially natural or designed artificial “sections”. The objective is to pass through the sections in minimum time and with as little physical contact with the ground as possible, hence obtaining minimum penalty points.

BikeTrial promote the values that educate participants in a familiar environment, educating their members on the culture of respect for people and natural environment, and especially encouraging Fair Play, conditions that will have to be observed and promoted by all members, riders, minders, parents, delegates, observers and all people involved in the BikeTrial Event (here also only named “Event”) and BikeTrial Sport.

As provided by the BikeTrial International Union Statute Article 2: “BIU [...] is the supreme world sports authority empowered to manage the BikeTrial, Blind BikeTrial, Push BikeTrial and Nature ride activities and represent this activity in front of other legal entities. In this respect, it acts as the supreme world body for settling disputes, which might arise from organization of such activity. It is responsible for launching the entire system of championship competitions in BikeTrial, including launching and declaring official champion titles in all BikeTrial categories. As a result, it determines the technical and economic conditions for operation of organizations involved in the BIU competition system. The same applies to transmissions or audio or video recording related to all Events included in the BIU championship system (competitions), including any related advertisement.”

Art. 2 RIDER

The Rider is the competitor in a BikeTrial competition.

BikeTrial rider is the first figure and spokesperson of the BikeTrial Sport; with the acceptance of a BikeTrial Licenses the Rider confirms its will to respect and promote BikeTrial Sport, BIU body, Observers, Organizer, Jury and all people involved in each BikeTrial competition. Also to know the whole BikeTrial Rules and to accept all judgment with maximum respect and fair-play.

Art. 3 MINDER

The Minder performs the job of mechanic, assistant and trainer of the Rider during the Event. The number of minders per rider is 1. During the competition the minder should wear the bib (same number as the rider). The Minder is allowed to enter the sections.

Art. 4 BIKETRIAL INTERNATIONAL EVENT

BIU is the only organization that has right of ownership over the name “BikeTrial”, and relative Sport Event.

The BikeTrial International Event is the over-national sporting Event organized by the BikeTrial International Union, or its Member or Affiliated Member, under direct Agreement with BIU.

Each BikeTrial International Event will be inserted in the Official BikeTrial Calendar.

The BikeTrial International Events are defined by type as follow:

- Contest, Cup, Championship, Indoor Championship

The BikeTrial International Events are defined by geographical area as follow:

- Continental, World

BikeTrial International Union provide 5 geographical macro area, here also named “Continent”: America, Europe, Asia, Africa, Oceania.

The BikeTrial International Event will take the own name from the Area where organized and from the Type of the Event. Example:

- European BikeTrial Championship, Asian BikeTrial Championship, World BikeTrial Championship.

Art. 5 ORGANIZER

The Organizer is the figure in charge to provide all organizational, civils, and economical aspects of the BikeTrial Event. The organizer must belong to, or must have direct agreement with, an entity which is legally affiliated with the BikeTrial Union of that country. The organizer must obey the Technical Rules, agreement, and all documents signed between himself and BIU.

Organizer will also responsible for all civil and penal aspects arising from the Event and to be responsible for all aspects regarding the guiding of the Event.

Art. 6 DIRECTOR OF THE EVENT – DOE

Director of the Event is nominated by the Organizer and is the figure in charge to provide all technical aspects of the competition. He must be an expert on the BikeTrial Rules and know BikeTrial competitions. Director of the Event will sign the agreement in combination with the Organizer.

DOE will work with the Executive Officer Group to provide the smooth running of the Event. The DOE will be the only one person to have the right to participate in Executive Officer Group meeting and

discuss about whole aspect of the competition, but not about sport results or disciplinary decision, that are whole and exclusive competence of the EOG.

Art. 7 EXECUTIVE OFFICER GROUP – EOG

Executive Officer Group consist of the Jury and the Observers in hierarchical system. Head of EOG is the Jury. EOG is the only one figure in charge to provide all sporty matter during the BikeTrial competition. Observer must take part in EOG meeting when requested by the Jury and respect Jury decision and requests.

BIU will publish implementing rules about EOG set and composition when needed.

EOG presence is mandatory during World BikeTrial Championship, Continental Championship, World BikeTrial Indoor Championship and when provided by the Event Agreement.

Art. 8 JURY

COMPETENCES AND COMPOSITION

The Jury is the maximum sport's authority during the Event and represent officially the BIU during the competition. The presence is mandatory in each BikeTrial International Event.

The Jury is responsible to: Checking, modify and approve sections and track, take part in Licenses control, approve Entry List, approve Starting List, decide with DOE the competition time and approve it, receive and discuss official protest submitted by the competitors, determinate the final ranking, declare the final sport results, take all disciplinary measures if needed, control the correct application of all BIU Rules during the competition, and all other sporting matter during the Event. All this task are exclusive competences of the Jury; Organizer and DOE cannot modify or interfere in this matters. Jury judgment is final.

The Jury will be composed of 3 Members nominated by BIU Presidium at least 7 days before the Event. BIU will also nominate the Jury President. Jury member names list will be published on Official board of the competition before the start of the Event.

Each Jury member have disciplinary competence on the competition track, for the whole time of the Event in all technical questions and judgments outside of the BikeTrial sections, this one are exclusive competence of the Observers.

The Jury will not accept any audiovisual proof presented to support a claim (or the opposite could encourage interested chasing of adversaries).

JURY MEETINGS

The schedule of jury meeting will be as follows:

- 1st jury meeting (before the start of each competition's day):

Inspection of the sections. Approval of the Entry list and the Start List.

- 2nd jury meeting (at the end of each competition's day):

This Jury meeting must be finished within 30 minutes of the last rider completely the Event.

Approval of the competition results. In the case of a category not being approved in the provisional results, the placing will be announced in the awarding ceremony by the provisional results. This means the results may be changed at the 3rd jury meeting.

- 3rd jury meeting (after the closing ceremony): Approval of the rest of the results.

OTHERS

- The organizer must provide the map of the track and “section checking list” for the jury members before they start checking sections.
- Only DOE and Jury will be allowed to check (inspect) the sections.

Art. 9 OBSERVERS

The Observer is the only authority in the section he/her is observing.

When provided observers are part of the Executive Officer Group (EOG) set by them and by the Jury.

The Organizer can choose one of the following system of competition:

The organizer must choose one of the two systems of competition.

1) BikeTrial Direct Clash® - provided time = 70 minutes

In BikeTrial Direct Clash® 8 Riders compete on 4 section, for 6 match, to determine the 2 finalist and positions from 3rd to 8th. Time in section (90 seconds) is managed by the Official Timekeeper, not by the Observer. Timekeeper give time on megaphone with a countdown.

Each match provide the presence of 4 Riders together, one for each section. Each match is constitute by 2 Round (2 pairs of Riders against = 2 Rounds = 1 Match).

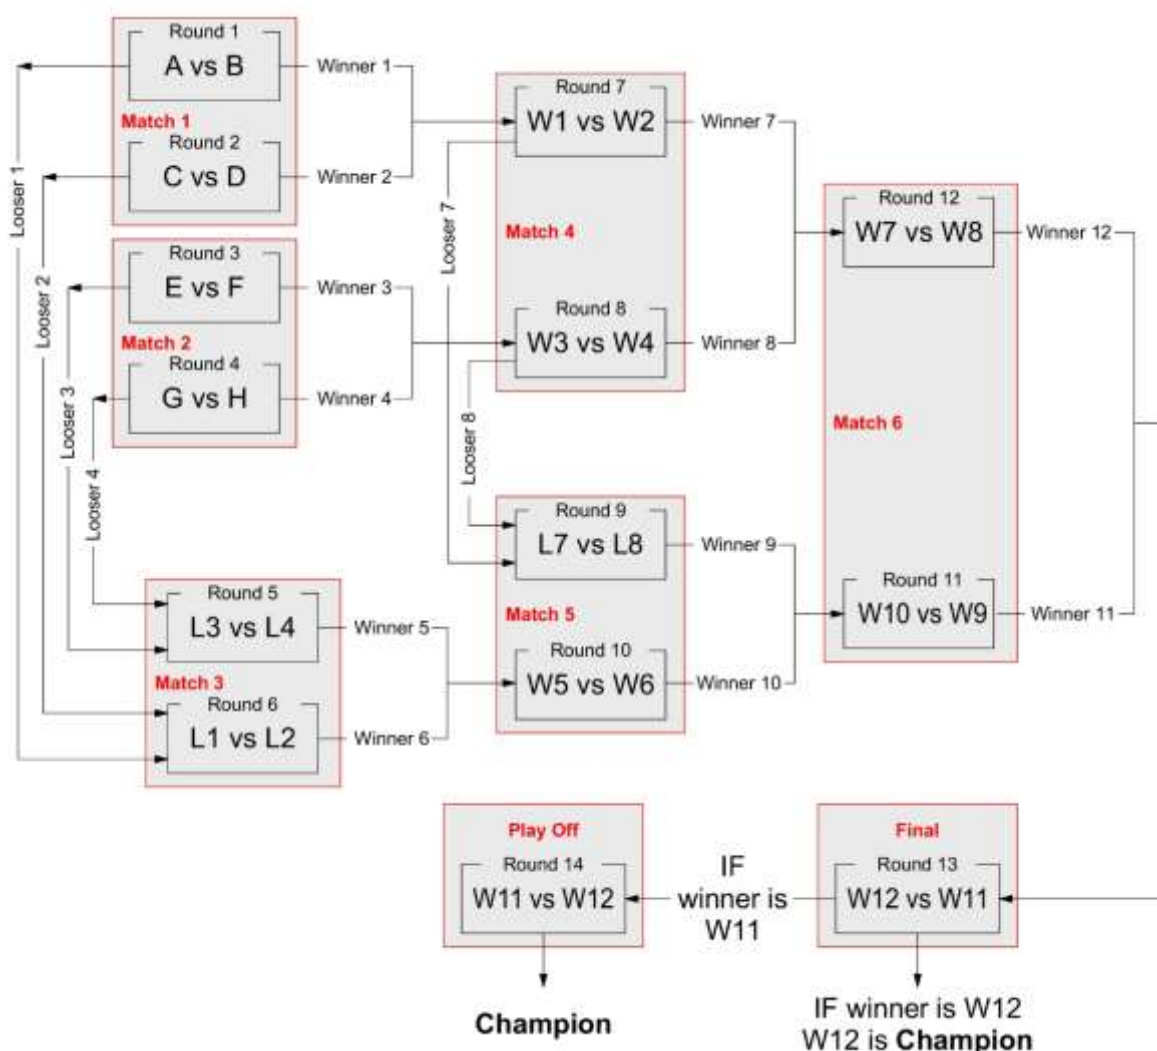

All 4 riders wait the collective start, ordered by the Timekeeper, out of respective section. Each Rider have 90 second for the section and 30 second to move to the next section, in order of section number; 120 seconds in total from a section to the next one. Each match lasts 8 minutes.

The competition follow the match's schema below. Final match is for 2 Riders only. During final match the Rider will ride in normal system, not together.

Observer must take time of Rider action with maximum precision section by section. In case of a the Round's winner is based on total time of the 4 section of the Round. Time must be report ever, also in case of 5 penalty. Time in section must be **report till cents of second**.

Observer must follow 1 rider (not 1 section) inside the 4 section of the Round. Observers must write penalty and time on sketchbook, Riders do not have penalty card.

BikeTrial Direct Clash® schema

2) Basic system – provided time = 120 minutes

1st lap: It is the qualifying lap to determine the four best riders by the score and the classification of 5th to 8th place.

2nd lap: It is the final lap to determine the classification of 1st to 4th place. (Notice: The final result of the top four riders must be determined by the total score of the 1st lap and the 2nd lap).

Starting order:

- a. The rider with lower position of the ranking must start first in the first lap, ie. The Champion starts last.
- b. The rider with lowest position (most points) in the first lap must start first in the second lap. The rider with best score starts last.

Art. 20 ENROLMENT COST

The International Union, National Union, etc. are entitled to charge annual fees to the entities and organizers affiliated with them. The BIU is irrespectively entitled to charge a specific amount for any kind of authorization of an Event. The organizer is also entitled to charge an entry fee to the riders.

Art. 21 ENTRIES AND LICENSES

Art. 30 RIDER CLOTHES AND EQUIPMENT

The rider is under the obligation to wear: a helmet, pants, shirt and one piece footwear. If the rider does not obey with these attire regulations HE/SHE WILL BE REFUSED ENTRY INTO THE COMPETITION OR SECTIONS. Gloves, shirts with long sleeves, long pants and ankle protective footwear are strongly advisable but not compulsory.

- On the competition track: Jury can check the Rider clothes and equipment.
- Before entering section: The rider will not be allowed to enter the section when the observer has seen a fault in clothes and/or equipment.
- After entering section: In the case of a rider is already in the section when the observer has seen a fault in clothes and/or equipment, the rider will not be allowed to continue riding in the section for safety reasons. The penalty is 5 points.

Art. 31 PRE-COMPETITION PRACTICE

Riders are not allowed pre-competition practice inside the designated area of the track and sections. Any rider seen with his bicycle in any place (eg. track and sections) one week before the competition will be disqualified from the competition. Any attempt made to practice before the competition will result in the exclusion of the concerned rider from the Championship.

Art. 32 NUMBER BOARD

The organizer will provide a "number board" for the riders and for their respective minders or for their bikes. The number board size should be a minimum of 10 × 15 cm for the bike as well as for the rider. Number board should be placed on the handlebar of the bike so they are clearly visible. The group color should be clearly indicated at the head part of the bike. The first 50 numbers (1-50) will be reserved for the BT1 riders. The numbers should be distributed in numerical order, ie: If a rider that has participated in the previous years Championships is absent the following year, the number which corresponds to his/her position will be left vacant.

Art. 33 PUBLICITY

Advertisements on the rider's attire, helmet and bike are allowed. The advertising space on the plate number is reserved for the organizers. The rider cannot compete without original plate number given from organizer.

Art. 34 BIKES

In order to participate in a BikeTrial Event, the bike composition must meet with the following conditions:

1. The end of the front and rear brake levers must not be finished in a dangerous form.
2. The entirety of the bike must be provided with an effective brake system.
3. Any overhanging metal of more than 10 mm should be covered in order to avoid any dangerous situation.
4. The Technical Control is not to accept any bike with a fissure on the handlebar, frame or fork.
5. The materials that the bike can be constructed from is unlimited.
6. THE TECHNICAL CONTROL MUST CHECK ABOVE MENTIONED POINTS AND THE PASSED STICKER OR PAINT ON THE FRAME MUST BE TOUGH TO REMOVE.
7. The Rider can use maximum 2 bikes during the competition. Both bikes must be submitted to the Technical Control can be used in the Event.
8. Only for BTE category: Electric bike with torque sensor pedals and maximum power of 250W.

Art. 35 BIKE WHEEL SIZE

The maximum of 22" of one wheel size will apply to the categories of BT7 and BT6.

All others categories are free on wheel size.

Art. 36 TRACK

The track will be constructed on paths, roads and in forests (if necessary), along which the sections will be arranged. Track must be marked clearly by the organizer. Riders must follow the designated route and must not take an alternative route.

The track must be structured in a way that does not allow the riders to take a shorter route.

In the case of the Jury deciding to modify or change the sections, the organizer must obey with these changes.

TRACK SIGNALS

The track signals must be different from the section signals. The track must be thoroughly signaled from both start to finish and along all the sections in order to avoid any confusion to the riders.

Art. 37 SECTIONS

The sections should be constructed on natural ground. Each section should be surrounded by resistant and impermeable ribbon. The ribbon must be totally visible and well secured to stakes or other objects which must be fixed underground. The entirety of the ribbon must be fastened at APPROXIMATELY 30 cm from the ground (as close as possible to this height). All broken ribbon must be replaced in the same position before another rider enters the section. Aside from the pre-mentioned suggestions for marking the track and sections, it is advisable to use some form of barrier to keep on-lookers at safe distance.

- The sections must be new and neutral.
- Dangerous sections must not be constructed.
- The sections should differ substantially from each other and show variety.
- The sections should be designed in a way that suits the different levels of ability in the different categories and which would not occur any danger for both riders and spectators.
- High steps should be avoided.
- Aside from the pre-mentioned suggestions for design the sections. It is advisable to construct 1 easier section as minimum in each category except BT1 to give a chance to the riders who came from the countries where the technical skill level is not high.
- The exit line of the sections should be drawn 2 m away from the difficult part of each section.
- The Event must not be organized in a place where a month before an Event has been held in the same location. On that note, the organizer should try to look for new areas to make different sections.
- On competition of the entry form, the rider is permitted to observe the sections on foot. The entry order of riders into each section will follow the queue order.
- Each section must be very clearly marked. A line to indicate the start and finish of each section must appear. If it is necessary, an interval line will also be included. A line must also be at the end of each section to indicate when the end of the employed riding time will end.
- The sections will be numbered so as to correspond with each group as follows:
 - Group A 1 to 14 (max 14 sections, minimum 8)
 - Group B 21 to 31 (max 10 sections, minimum 7)
 - Group C 21 to 31 (max 10 sections, minimum 7)

If needed indicate the travel direction into the gates. To indicate the direction will be enough write the progressive number of the gate over the arrows in all the gates of the section. From 1 till the last gate in the section. To understand the correct way, the Rider must read the progressive number of the gate.

NEUTRAL ZONE

A neutral zone, from 2 to 3 meters, will be set at the entry of each section, at which the rider will wait while the preceding rider is performing the section. A line must be drawn to define the neutral zone and the entry of each section in order to indicate the beginning of the section. The rider has to start with both spindles inside the neutral zone.

Other

- The length and width of sections: Length: about 20 m, width: 1m as the minimum
- No dangerous section allowed.

Art. 38 TIME

Section time

The time limit to pass a BikeTrial section is 2 minutes.

The time limit to pass a BikeTrial section during World BikeTrial Indoor Championship is 90 seconds.

Sections 1, 2 and 21, 22 can be named “Short Sections”.

Inside short sections time is reduced to 1 minute (60 sec.). The Organizer must place a sign close to the entry section reporting the words “Short Section, 60 Second”.

Track time

These times below will be used as a guide:

- 10 minutes per section
- 15 minutes per km on the track
- 60 minutes for delay penalization

(Example: In an Event of 8 sections, and a track of 1km, two laps will be as follows):

- 8 sections × 2 laps = 16 × 10 minutes = 160
- 1 km + 1 km = 2 × 15 minutes = 30
- 160 minutes + 30 minutes = 190 minutes in total + 60 minutes with delay penalization.

Neutralization

The time delay control should be provided by the Jury between 1st lap and 2nd lap, in the case that there are still some riders who didn't start yet.

Delay penalization

Track (start & finish): The start delay penalization will apply by the Jury as soon as rider exceeds his/her starting time, and 1 penalty point will apply for every 1 minute of delay. In the case of a delay exceeding 10 minutes, the rider will be disqualified.

The finish delay penalization will apply by the Jury as soon as the rider exceeds his/her finishing time, and 1 penalty point will apply for every 5 minutes of delay. In the case of delay exceeding 60 minutes, the rider will be disqualified. For example, if the track time was 5:00:00 (4:00:00 + 1 :00:00 with delay penalty), the first penalty point (-1p) will be given to the rider when his/her running time became 4:00:00, and so on every after 5 minutes passed.

Art. 39 THE START

1) The order of riders will be determined by a ballot for each category.

2) The start will be made individually, with intervals of time as determined by Jury, Organizer and DOE. Official Starting list will be made as agreed by Jury, Organizer and DOE. The starting list will be published on the Official Board at least 2 hours before the start.

Art. 40 SCORE CARD

The card must be made of plastic or of water resistant paper which is non-resistant to ink. The card should be 50 × 180 mm and it should have the numbers 1 to 20 marked on it as well as the numbers “0”, “1”, “2”, “3”, and “5” to indicate the penalty points. Labeled on the upper part of the card should be: the name of the rider, his/her number, the category and the color—. On the lower part of the card should be: the start time, finish time and overall time. The score will be indicated on the card by means of punching a hole in the position that corresponds with the number of penalty points.
